Why sponsor?

As a sponsor of the Marquette Fall Enduro, your business will be branded to our large audiences before, during, and after the event.

This event has grown into a staple for all levels of mountain bike riders and attracts bikers from all over the country. In addition to the event itself, your brand will get broad exposure from the marketing and promotions team through our website and social media platforms. Support for the event will greatly benefit the community as all revenue is directed back into developing the NTN trails.

The NTN is a non-profit whose mission is to secure, develop, maintain, and promote the use of a non-motorized trail network throughout the Central UP.
