

## NTN ~ 2023 COMMUNITY PARTNER PROGRAM

**Noquemanon Trail Network (NTN)**, a 501C-3 non-profit, works year-round to secure, develop, maintain, and promote the use of non-motorized trails in the greater Marquette County region. Through NTN's work, trails are made available to the public for mountain biking, hiking, trail running, nordic skiing, snowbiking, snowshoeing and other compatible types of recreation. Currently over 150+ miles of trail across 8 trail systems and 45 different landowners are open to daily use thanks to the stewarding efforts of NTN volunteers and staff

with the support of our members, donors, event sponsors, partners, and landowners.

The **Community Partner Program** is for businesses and organizations, big or small, who want to invest in NTN's work. Our partners help by making sure NTN has the resources needed to improve and expand trail-based recreational opportunities in the region. By donating to trails, your business or organization is an important contributor to the passionate work being done to make our trails and the region a great place to live and visit. In exchange, we connect our partners with trail enthusiasts who want to support businesses and organizations that give back to the trails.

Your generous donation empowers us to foster connections and enrich our communities through a diverse and sustainable network of non-motorized trails. By contributing, you will:

- Provide crucial funding for ongoing trail development, maintenance, access protection, and advocacy work.
- Support our efforts in leveraging public and private grants, as well as NTN fundraisers, which enable us to further our work, employ local residents, promote volunteerism, and enhance our communities through trail-based recreation and tourism.
- Ensure the long-term sustainability of our organization, enabling NTN to attract, retain, and compensate professional staff who manage the organization and oversee trail projects, events, and programs throughout the year.
